Public Schools

Food Service Administrators By County and School District

The state's school food service administrators, directors, nutrition services managers and business contacts are listed as Food Service Coordinators (FSC) by county and district in alphabetical order. Wherever possible, FSC indicates that the individual who is identified holds the title of Nutrition Director, Food Service Supervisor or Manager or similar.

Every effort has been made to list decision makers or primary contacts for Oregon public school district and charter school nutrition programs. (This list is updated as of August 2025.)
